Dear Friends:

Welcome to the *Directory of Montana Schools for 2002-2003*. I hope you find this directory and all of the OPI information resources useful to you during the school year. My goal is to provide you with the most up-to-date information to help link Montana's schools and facilitate communication and collaboration among Montana educators.

In this directory you will find our state's schools and education associations, along with the names, addresses, phone and fax numbers for the OPI staff, school superintendents, clerks, principals, and board chairs from all of Montana's school districts.

The Office of Public Instruction's Web site will make it easier for you to find and use Montana education information—www.opi.state.mt.us. The site contains many resources for schools and educators including all the OPI published reports and documents, state and national education news, information about upcoming events, links to all the OPI programs, and this directory in electronic form. The site also has a link to METNET, our Montana education Web site, with all of its current features and education resources. Watch for changes and new additions to the OPI Web site and METNET.

I am pleased to announce that the OPI has established another avenue for communicating electronically with Montana school districts. We have created an "official" e-mail account free of charge for each school district. Each district's e-mail account is secure and private and will be used for official communication from the OPI. The e-mail account is specific to the school district, and the district designates the person(s) in the district who will receive messages sent to the account. The account can also be used to access the Internet and communicate with other school districts registered within the system. The system is maintained by the OPI's Internet Services Bureau. You can reach them at (406) 444-1626.

In this age of new technology, I am excited to share all of these information resources with you. I always look forward to hearing from you about your needs and how we can be a better resource to our Montana schools and classrooms. Best wishes for a successful 2002-2003 school year.

Linda McCulloch

STATE BOARD GOVERNANCE

Structure

The Board of Public Education, exercising general supervisory responsibility and in most cases acting on the recommendations of the superintendent of Public Instruction, has a number of duties prescribed by law concerning the elementary and secondary schools of the state (e.g., accreditation and teacher certification). The control and supervision of the School for the Deaf and Blind is vested in the Board of Public Education.

The Board of Regents is vested with full power, responsibility and authority to supervise, coordinate, manage and control the Montana University System and also to supervise and coordinate community college and colleges of technology.

The members of the Board of Public Education and the Board of Regents, meeting together, form the State Board of Education which has responsibility for submitting unified budget requests for long-range planning and for coordination and evaluation of policies and programs for the state's educational systems. The Governor serves as president and the Superintendent of Public Instruction serves as secretary of the State Board of Education.

Membership

The Board of Public Education and the Board of Regents each have seven voting members appointed by the Governor with the consent of the Senate. Neither board may have more than four voting members from the same congressional district or from the same political party or organization. The term of office for appointed members is seven years, except for the student appointee to the Regents whose term varies. The Board of Public Education also has a non-voting student member who has a one-year term.

The Governor, Superintendent of Public Instruction and Commissioners of Higher Education serve as ex officio, non-voting members on both boards.
